Speaks to Millions through the Edison Phonograph

OU can now hear William Jennings Bryan speak at your convenient own home. He has recorded on Edison Records the most telling passages from ten of his favorite speeches. These Records are remarkably successful, jaithfully reproducing not only Mr. Bryan's voice, but every mannerism and inflection.

Recognizing the wonderful achievement of the Edison Phonograph, Mr. Bryan consented to make these Records, presenting his views on leading questions, and at the same time availing himself of the splendid opportunity to give his views the widest currency.

This is the first opportunity the American people have had to hear Phonograph Records made by a statesman of national importance. The ten Bryan Records are as follows:

The Labor Question
The Trust Question
Popular Election of Senators
Guaranty of Bank Deposits

These Records may be heard at all Edison dealers'. 35 cents each.
